

Dear

Thank you for your recent membership enquiry. Enclosed in this pack, you will find all the relevant details relating to Royston Golf Club.

The Club is very progressive in providing members with an excellent free draining course and associated facilities.

The course has undergone numerous improvements including, an £80,000 irrigation system upgrade and over £50,000 invested in new machinery. The chalk Heath land allows trolleys to be used all year round and electric golf buggies are now available for hire. The spectacular views of the Cambridgeshire and Hertfordshire countryside are the envy of many clubs.

The club has a full fixture list of golf and social events and welcomes players of all abilities. As a member, you can benefit from **FREE** golf at other Clubs in the **SmartGolfer Network** (further information within this pack). Other benefits include unlimited golf usage (without tee bookings), discounted drinks in the bar and free use of our function and practice facilities. We have many different types of membership to cater for all.

Please refer to our website www.roystongolfclub.co.uk for more information and images.

If you require any further information or a courtesy round, please call the office.

Sean Clark – Golf Club Manager
